Our TOMORROWS can be different from our YESTERDAYS?

It's easy to soar with the wind at our backs.
But, to keep trudging when the winds hurl
us against jagged rocks -- *is another story!*

IF you feel like: the odds are stacked against you ... you won't want to miss our study in *Genesis 37-50*, as we discover the joy of how the grace of God can take us from bad beginnings to happy endings! We don't need to be trapped by our past; we can enjoy a brighter future. No matter what negative messages sound from yesterday, OR what frustrations we face today -- tomorrow can be different. There is a way!!

Ask a dozen people what the word: 'BLESSING' means -- and you'll probably get a dozen varied answers. For some, it means *financial security*; for others *good health*; yet for still others, *meaningful relations* with significant people ... but is it possible that blessing includes: misunderstanding, resentment, rejection, desertion, betrayal, abandonment ... In the life of Joseph, we see God ...
